ABOUT THE INSTITUTE

Prasad V. Potluri Siddhartha Institute of Technology was established in the year 1998 and is one of the nineteen Educational Institutions sponsored and run by Siddhartha Academy of General and Technical Education. It is an autonomous and permanently affiliated to Jawaharlal Nehru Technological University, Kakinada. The college offers seven under graduate courses in Engineering and Post Graduation courses in 6 branches including MBA. Civil Engineering was started in 2008. All eligible programs are accredited by NBA and A+ grade with NAAC.

ABOUT THE DEPARTMENT

The Civil Engineering Department was started in the year 2008 with an intake of 60 and affiliated to JNTU, Kakinada. It has well equipped Laboratories and is assisted with very rich qualified and experienced faculty. The department has already organized 5 workshops, 3 National level seminars, 4 National level conference.

INTRODUCTION

An efficient sustainable and flexible transportation system is essential for the nation's economy. Government of India and several state governments, realizing the critical role of providing mobility and accessibility for the economic development of the country, formulated several schemes, such as NHDP for strengthening and rehabilitation of National Highways with a huge committed capital outlay. These efforts have resulted in an improved mobility at city, regional and national levels. However, sufficient transportation professionals with adequate knowledge and skills on transportation planning, design and construction management are not available to undertake the infra structure projects. Capacity building is becoming a critical national issue.

OBJECTIVES OF WORKSHOP:

The workshop is intended for exchange of knowledge on transportation applications and urban planning issues. This workshop is an excellent opportunity for a one-on-one meeting with the peers, which enables them to build their professional network.

KEYNOTE SPEAKERS

Dr. K. RAMACHANDRA RAO

Professor, Dept. of CE,
Indian Institute of Technology, Delhi

Dr. C. S. R. K. PRASAD

Professor, TE Division,
