ABOUT THE COLLEGE

VVP Siddhartha Institute of Technology was established in 1998. It is one of the eighteen educational institutions sponsored and run by Siddhartha Academy of General & Technical Education. All educational institutions of Siddhartha Academy stand symbolic of the pragmatic vision of its founders. The academy comprises industrialists, educationists, auditors and philanthropists with vast experience as its members.

This college has the advantage of inheriting the highest academic standards by maintaining good infrastructure and highly motivated faculty. The College is approved by AICTE and has permanent affiliation to JNTUK, Kakinada. It is an ISO 9001:2008 certified institute and is accredited by NAAC. The college was granted autonomous status in the year 2012. The college offers 6 UG Engineering programs, 4 PG Engineering programs under various departments and MBA program. CSE, IT, MECH, CIVIL, ECE, EEE were accredited by NBA.

ABOUT THE IQAC

The primary aim of the IQAC is to develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution

ABOUT THE DEPARTMENTS

COMPUTER SCIENCE & ENGINEERING:

The Department of Computer Science and Engineering was formed in the year 1999. It has both B.Tech and M.Tech programs with 35 qualified teaching staff with 4 PhDs and 31 M.Techs. The department has ACM student chapter and CSI student chapter. The department offers various certification training programs to students and has established Intel Intelligent systems Lab to encourage students with new technologies.

INFORMATION TECHNOLOGY:

The Department of Information Technology was established in 1998 and runs B.Tech programme. The department has 25 well experienced faculty members with 3 PhDs and remaining are of M.Tech qualifications. It offers Certificate courses for students like IIT-CIT and INFOSYS Campus Connect Program.

MASTER OF COMPUTER APPLICATIONS:

The Department of Computer Applications was established in the year 2004. The Department imparts knowledge-based learning environment to the students from various domains which motivates them to reach the pinnacle of their career. The Department facilitates students to enhance their skills through “learning by doing” culture utilizing the state-of-art infrastructure available in the institution.

ABOUT THE WORKSHOP

Linux system administration is one of the most in-demand skills in IT. This workshop seeks to provide relevant Linux system administration and network administration skills to participants to enable them manage UNIX based systems operating environments.
